### A Short Sale May Be Your Solution

Todayhomesolutions.com is your Short Sale Expert. We are a one-stop real estate shop specializing in assisting homeowners who are in default on their mortgage or are already in foreclosure by helping short sell their homes. We handle all aspects of short sale negotiations and listings for Florida and other states across the country.

### What is a Short Sale?

If you are experiencing a financial or economic hardship, your lender may agree to a short sale that sells your home for less than what is owed on the mortgage. Lenders know that foreclosures cost a lot of money for all parties involved. Banks and lenders are more likely to agree to a short sale rather than watch the property go into foreclosure.

### Quick Short Sale Qualification:

- You can no longer afford to make your monthly loan payment?
- You missed one or more mortgage payments?
- Is the amount you owe more than the home value?

### Remember these Short Sale Benefits:

- Avoiding foreclosure through quick home short sale.
- Save your credit score through short sale with less impact than foreclosure.
- A short sale satisfies your debt you owe to your lender(s).
